

Application information and instructions - Paris 2040 category

Important: For applications in all other categories (Urban energy & mobility, E-health, Reinventing the customer experience, African living cities..), please follow the **application information and instructions** in this link:

https://www.grandsprixinnovation.paris/plan_detaille_gpi2019_en.pdf

NB: Please note that the following instructions are merely guidelines, in order to provide the jury with accurate and complete information to assess the relevance of your application.

Format:

Please specify your project name at the bottom of each page.

1) Presentation of your organization (Company/Laboratory)

- If your organization is a laboratory, please specify: Acronym, CODE, Full name, Director, Establishment and joint supervision (“cotutelle”)
- If your organization is a company, please specify: company registry (SIREN), APE code, legal representative and address of headquarters

2) Presentation of your project

The following questions should serve as a guideline to help you complete your application.

- a) Describe the concept/product/service you propose.
- b) Where did your idea come from/what is the origin of the project?
- c) What are the objectives and milestones of your project?
- d) Describe the current state of advancement and results already achieved.
- e) Describe your project in terms of its societal, ecological and economic impact.

3) Implementation Plan

The following questions should serve as a guideline to help you complete your application.

- a) What stage of development has your project reached (manufacturing processes, tests and trials, models, prototypes, market studies, legal aspects, ...)?
- b) What is the forecast timeline for the next steps?
- c) What is your financing plan?

4) Team

The following questions should serve as a guideline to help you complete your application.

Describe your background (and your team’s background if you have one). Your description should highlight the team’s synergy and complementary skills. Feel free to attach CVs or an organization chart in the “attachments” tab of your online application.

Conclusion: Project Overview

Please upload your attachments and appendices using the “attachments” tab of your online application: press kit, organization chart, client testimonials, graphs or visuals, market studies, CV’s, financial documents, etc.
